

INSULT

To Their Manhood

Would be an Order to Assemble Eight's Men

In Akron on Day of Gov. Roosevelt's Visit.

So Says Captain M. A. Fisher of Company C.

Not a Machine For Any Political Party.

A special to the Cleveland Plain Dealer from Columbus mentions the name of the Eighth and says that it will be assembled at Akron on the occasion of the opening of the Republican campaign, says the Canton News Democrat. Canton members of the regiment talk freely of this report and do not like the plan. They say it is an insult to their manhood to insist that any political party can use the organization for its benefit. A private in the ranks of Company C said this morning that they all respected Col. Dick and had voted for him as their colonel, but they didn't propose to be turned over, bag and baggage, to the Republican party for campaign purposes. He said they would be pleased to honor Roosevelt as they thought he was all right but could not expect to come on a political mission and use any attention that might be given him in the interest of the Republican party.

Captain M. A. Fisher, of Company C, was seen by a News-Democrat reporter this morning and was interrogated concerning the report. He said he did not take much stock in it and had made no investigation as to its verity.

"I do not believe that Col. Dick contemplates anything of the kind," said Captain Fisher. "He is popular with the boys and they have selected him as their colonel, but I am sure a sense of the proprieties will suggest to him that a movement of the kind said to be contemplated would not stand with the men. The Eighth regiment is ready to respond to a call for duty, but it is not a machine for any political party. I am certain that Major Weybrecht would not call out his battalion for any such purpose and I am sure I would not assemble my company to attend any political meeting."

"We are not organized to further party interests. The Eighth regiment will not be in Akron at the campaign opening. A few of the members may be there as individuals, but they will not be in uniform and they will not take any state property, as they would have no right to do that. No one can object to an individual, as an individual, going to Akron to the campaign opening, but they will not see Company C there as a company. But as I said, I do not believe that Col. Dick has anything to do with such a movement. It could not be successful and I do not think it will be undertaken."

A DEMOCRAT reporter was informed by Captain Feederle, Friday, that the escort which was to be tendered Gov. Roosevelt would be made up of such members of Company B as cared to participate. No order will be issued calling out the men. They will not appear in uniform.

COL. HOYE

Will Get \$1,500 a Year, Henceforth.

Doing From Five to Eight Men's Work—Health Board.

At the regular meeting of the Board of Health last evening the salary of M. W. Hoyer as milk inspector was increased \$5 a month and as sanitary policeman \$20 a month, making his yearly compensation \$1,500, instead of \$1,200.

Messrs. Lyon, Sargent, Koplin and Palmer were present at the meeting. Mayor Young presided, but under the rules had no vote upon the motion.

Mr. Koplin stated that Sanitary Policeman Hoyer is doing work very satisfactorily that most cities employ from five to eight men to do.

Youngstown, for instance, has eight sanitary policemen besides a health officer, having paid \$3,084 last year for the sanitary policemen alone. The expenses of Akron's entire health department last year were only \$1,800.

Messrs. Sargent, Lyon and Palmer all spoke in favor of increasing Col. Hoyer's compensation and complimented him for his efficient work.

Mr. Sargent says the duties of the office are specially onerous. The fact that Col. Hoyer had to keep two horses in his work, at his own expense, was commented upon. The vote was unanimous and would have been the same had all members been present.

No other business was transacted.

A donation of \$25 was subscribed to be sent to the Cleveland strikers.

The product of the Soap Workers' union of Dayton was endorsed.

The organization committee will form a new union Tuesday night.

Labor Day picnic committees were all appointed, and the program of sports submitted by the committee adopted.

BALANCE

To Credit of All of the City Funds.

Not Enough to Meet Expenses—Relief Is in Sight However.

The money received by the city from the last apportionment of taxes places a balance to the credit of each fund.

The police and general fund balances are small and it will be necessary for the City Commissioners to negotiate another loan before the next apportionment. It will probably be for the same amount as the last.

At the next collection taxes will be paid on the new duplicate, which shows an increase in the city large enough to assure the officials that all current expenses will be met.

There are several overdrafts on the special assessments for street improvements.

Will of Margaret Jockers Admitted to Probate.

Irvin Keatley Released—Court House News.

There was an even split in the jury which heard the case of the State vs. George Smith. Six voted for conviction and six for acquittal on the last ballot.

On the first ballot the vote stood seven for conviction and five for acquittal. A little later the jury divided half and half. The six jurors who held out for a verdict of not guilty, it is said, objected strongly to the manner of obtaining evidence against the bar tender.

The jury was charged at 4 o'clock Friday afternoon. It remained out all night. At 8:30 o'clock Saturday morning the jurors reported that they were unable to reach an agreement. Judge Anderson discharged them.

Prosecution Dropped.

The case of the State vs. F. J. Sponseller, a detective for the anti-Saloon League has been dismissed by Prosecutor Wanamaker. Sponseller was charged with carrying concealed weapons. The prosecuting witness failed to give security for costs.

WILLIAM G. YOUNG.

An Honest, Upright Man—Tribute of a Friend.

Wm. G. Young, who died August 17, was born in Knox county, O., July 27, 1867, where he resided until he was 20 years of age, when he came to Akron, residing here ever since.

In 1889 he was united in marriage with Miss Carrie Snyder. To this union two children were born.

The deceased was respected and esteemed by all who knew him, both in his boyhood home and the home of his latter years. He was at all times a most kind and loving husband and father, and the most highly valued legacy he leaves his sorrowing family and brothers and sisters should be the remembrance of the honest, upright life he lived, and which we may well hope will not be unrewarded by the Master who "doeth all things well."

NEW TRACK

Will be Down on East Market Street.

Northern Ohio Traction Co. Will Stand by Original Agreement.

Vice President Will Christy and Manager L. E. Beilstein, of the Northern Ohio Traction company, met Saturday morning with the City Commissioners, Street committee of the Council and City Engineer to confer with the city officials in reference to the company's laying a single track on East Market st.

The result of the conference was that that the company was given permission to lay the track, work to commence on the improvement as soon as the material could be secured.

The company agreed to stand by its original contract with the city to pay the city's share of the cost of improving East Market st., which will amount to about \$8,400.

Manager Beilstein says that at present there is difficulty in securing track rails. He thinks, however, that work will be commenced on the building of the new track within the next 40 days. Rails cannot be secured sooner than that. The new track will be built just six inches south of the present track and traffic will not be delayed on the line.

Cars Delayed.

The head was blown out of a boiler at the Northern Ohio Traction company's power house Friday evening about 8:30 and cars were delayed on the East Market st. line for about two hours. The line that runs to the Lakeside casino was also affected, and some visitors to the casino were rather late in getting home.

NEIGHBORHOOD

Disturbed By War of Words—Police Court.

Ernest R. Schultz was fined \$1 and costs in Police court Saturday by Mayor Young for disorderly conduct.

Schultz was a participant in a neighborhood quarrel at the residence of Samuel Howe, 1111 South High st., Friday. Schultz owns the house Howe lives in and wants him to move out. Schultz claims that some of the fruit and branches of the trees on the property have been destroyed. They had a war of words and Schultz was arrested, but Mayor Young in reviewing the case before sentenced was imposed, said Howe was to blame for the trouble.

Thomas and John Toole, two well-known characters, for engaging in a "brotherly" fight Thursday night in a saloon, were arrested.

Jacob Eickenberger, a drunk, got \$2 and costs.

The case of James Gillen, 102 Center st., charged with the non-support of his wife was called up in court. A motion was filed alleging that the affidavit failed to state that she was deprived of the necessary food and clothing. The motion was sustained.

Andrew Leighman got \$2 and costs for intoxication.

OLD SOLDIER

Injured at Railroad Crossing—Assisted by Blind Man.

An old soldier whose name could not be learned came to Akron Friday on a freight train to attend the G.A.R. picnic at Lakeside. He made an attempt to get off at Voris st. crossing and was badly hurt. He was helped to a street car by a blind man, who seemed to be the only good Samaritan present.

A young man jumped off at the same place about an hour later and got his nose smashed.

HUTCHINSON

Was Elected Captain

By Members of Last Year's Football Team.

Good Games Will Soon be Arranged.

Five Races Finished at Fountain Park.

Kid McCoy Knocked Out by Jack McCormick.

The organization of this year's foot ball team was perfected Friday night by the election of W. H. Camp of this city as manager and popular Loomis Hutchinson of Barberton as captain.

The meeting, held at the Windsor hotel, was attended by a majority of last season's team. All of the players have signified their intention of being in the game again. Although no new names have been mentioned, it is known that there will be many applications for each place.

The line-up last season was as follows:

Left end—Frank Rockwell.
Left tackle—Loomis Hutchinson.
Left guard—Arthur Kauth.
Center—Archie Eves.
Right guard—Robert Crankshaw and John Knapp.
Right tackle—Royal Scott and Gus Konrad.

Right end—Richard Werner and William Evans.

Left half-back—Byron Whittle, Harold Barnhart and Lynn St. John.

Right half-back—Earl Carter and Fred Watters.

Quarter-back—Hugh Price.

Full-back—Forest Firestone.

The men will probably line up in the same positions this year as last. The only club scoring against Akron was the Baldwin university eleven, the score standing 28 to 4.

Practice will begin about the middle of September. The first game will be played on September 30, although there is some talk of a game during the week of the street fair. It is about decided to have the Detroit Athletic club here on September 30. A great effort will be made to get a game with the Chicago Athletic club when it starts on its eastern tour during November.

The Carlisle Indians are always to be booked. A more definite announcement of the schedule will be made in a short time. The place for practice has not yet been determined. Another meeting is to be called in a short time, at which all arrangements for preliminary work will be made known. Last year's eleven has a few outstanding debts. Better financial support is expected this year. H. B. Camp announced that he would present the team with a new foot ball.

Loomis Hutchinson, familiarly known as "Old Hutch," is a mechanical engineer with the Sterling Boiler company of Barberton. Last year, his work at left tackle was a feature. In 1896 he was substitute left end on the University of Michigan team. In 1896 he was placed on the "varsity" where he made a great reputation. In 1894-95 he held the pole vault record for the Western Inter-Collegiate Athletic association.

Friday's Matinee.

The matinee given by the Akron Driving club Friday afternoon furnished some very good sport, but of a tedious nature, as the events were called in very slow order. In three of the races the heats were split up. Although the matinee record remained untouched, the fastest heats were trotted and paced thus far this season. A very large crowd was in attendance.

First Race—Pace.

DASTARDLY

Attempt to Wreck an A. B. & C. Suburban Car.

Was Crowded With Returning Picnickers—No One Injured.

A dastardly attempt to wreck a Broadway car was made Thursday night about 10 o'clock, says the Cleveland Plain Dealer. Luckily, however, the first car to pass after the explosive had been placed upon the track was a large A. B. & C. suburban car. The car had been crowded with picnickers returning from Silver lake.

When the car reached the city limits most of the passengers alighted, leaving two women, a child and seven men aboard. It is very probable that had all the passengers remained on the car loss of life or serious injury might have resulted.

Before proceeding toward the Public square the conductor requested all of the passengers to sit near the center of the car. This was done and the forethought of the conductor did much toward preventing the passengers being injured.

As the car reached Humboldt st. on Broadway an explosion occurred which raised the car off the track. The report was deafening and instantly the car was filled with dust and smoke. The passengers were all thrown from their seats and the conductor, who was standing in the aisle, was precipitated through the doorway to the rear platform. The lights of the car were extinguished by the trolley leaving the wire. The conductor was uninjured and called to the passengers to keep their seats as no damage had been done. The car proceeded on its way to the square uninjured.

It is not known what sort of explosive was used but it is thought that had it been a smaller car the accident would have proved more serious. The front trucks passed entirely over the explosion without setting it off and it was the rear part of the car which was lifted into the air. Considerable excitement prevailed in the neighborhood on account of the explosion.

ADDITION

To the Frantz Body Co.'s Factory.

Rushing Trade In Automobile Bodies—Good Business.

The Frantz Body Mfg. Co., of this city, builders for the trade of high-grade vehicle bodies, were obliged to erect a large addition to their present plant in South Akron in order to meet the growing demand for their goods. This firm, which was but lately added to Akron's industries, makes a specialty of automobile bodies, and reports a nice trade on this line of work.

Manager F. X. Frantz reports that the company's representatives are now calling on the trade making contracts for the coming season, and judging from the number of orders booked for early shipment the coming season will be a "banner" year for the body business.

Natural Gas

Notice to the Citizens of Akron:

In order to introduce into all homes in the city of Akron in the shortest possible time the use of Natural Gas, The East Ohio Gas company will give

A Discount, From the Present Fixed Rates, of 5c For Each 1,000 Cubic Feet.

Of gas used for domestic purposes during the year commencing July 1st, 1899, and ending July 1st, 1900.

As the company is making all house connections at actual cost of materials and labor, it believes that this saving in the price of gas will go largely towards the expense of piping the houses and will give the company the advantage of having every citizen (even the poorest) as a consumer, thus affording to all the best and cheapest fuel. To encourage the use of gas by manufacturers, special rates will be given on application at the office.

A light vote is being polled at the Republican primary election. It is generally believed that Philip Waggoner will have a walk away for the nomination as County Commissioner. He is backed by the Machine. It was said today that the "court house ring" had thrown its strength to Col. Sanford, and that he would be victorious.
